Please note:

1. Products with specified expiration dates and those listed in the **new batches** table should be used within the valid usage period.
2. For non-current batches of reference standards listed in the National Drug Standard Reference Material Ordering Platform catalog, quality monitoring will no longer be conducted by the NIFDC. Users who wish to continue using these products are responsible for verifying their characteristic values and suitability themselves.
3. If there are discrepancies in the information released for the same batch of products in different periods, the most recent announcement prevails.
4. If a product is discontinued within the permitted usage period, the discontinuation notice prevails.
5. Please stop using the products listed under **discontinued products** immediately.
